JUNIOR TOPIC-How a Whole City

Heard God's Word.

INTERMEDIATE AND SENIOR TOPIC The Power of the Word of God, YOUNG PEOPLE AND ADULT TOPIC Community Bible Study.

It will be of interest and profit to present this lesson as an ideal Sunday school class:

1. A Model Bible Class (vv. 1-6). 1. The Eager Assembly (v. 1). The people gathered themselves together and "spake unto Ezra to bring the book of the Law." It was not a matter of the teacher urging the class to come together, but the class with yearning hearts requesting the teacher to come with God's Word.

2. The Representative Assembly (v. 2). The class was made up of men, women and children. The men then did not leave the church-going to the women. Neither were the children left at home with nurses or to play on the streets. God's Word should be taught to all classes, men, women and children.

3. An Appreciative Assembly (v. 3) Their ears were attentive from morning to midday. So eager were they to know God's Word that they did not get tired although the lesson lasted for five or six hours. There was lasted for five or six hours. There was no pulling of watches in that class. Commutation 52 trip monthly book.

Word (vv. 4, 5). When Ezra opened book. The reason there is not proper reverence for the Bible is that people are not taught to believe it is God's Word. Reverence in the house of God will only be when the Bible is regarded as God's very words.

5. They Joined Heartily in the Prayer (v. 6). As Ezra led them in prayer the people joined heartily in saying "Amen! Amen!" bowing their faces to the ground.

II. A Model Bible Teacher (vv. 7, 8). 1. He Stood Up Where the People Could See Him (v. 5). The position and bearing of the teacher has much to do with the attention and interes of the class.

2. He Read Distinctly (v. 8). Teachers should take particular heed to this. Much Bible reading is greatly to the discredit of the Word and the reader.

3. Caused the People to Understand the Reading (v. 8). The supreme at the front door of the Court and young, can understand.

The effect of teaching God's Word lowing described property: is most important. In this case it was

very encouraging. 1. Conviction of Sin (v. 9). The Word of God brings conviction of sin (Acts sin is by teaching the Word of God, telling death-bed stories. The people had real cause for sorrow—they were far from God. They not only had become worldly and the rich were in

their greed oppressing the poor,

but they were perplexed through

their mixed marriages. 2. Weeping Turned Into Joy (vv. 10-12). When sins have been perceived and confessed God would not have His children to be sad. Continued mourning will not atone for the sins that are past. It unfits one for pres-God. Besides, joy has a salutary effect

upon one's entire being. 3. Shared Their Blessings With Others (vv. 10-12). Christianity is not! having a good time alone; it is sharing our prosperity with others. True the poor (Jas. 1:27).

4. The People Obeyed (vv. 13-18). tures they found that the Feast of Tabernacles had been long neglected. As soon as they understood the Scriptures they went forth to do as they had been told. They went to work and kept this sacred feast in a way that it had not been kept since the days of Joshua (v. 17). If the Scriptures were read and made plain many things could be found which have not been complied with. In the keeping of this feast they dwelt in booths, thus typifying their pilgrim character and bringing to their remembrance the days of their wilderness journey.

Whale Can't Breathe Under Water. The whale who, because he lives in the water, is often supposed to be a member of the fish family, is in reality no more one than is a human being. He is in reality an animal very much like a cow or a horse, and his flesh is real animal flesh, nothing whatever like that of a fish. And like all other mammals, he cannot remain under water without an occasional trip to the surface.

GOING AWAY?

Vacation time is here! The summer exodus is on! All America, young and old, is off to the lakes, the mountains or the sea.

No matter how far you journey, you will find a Bell Telephone at the other end. Don't overlook the fact that you can pass to those at home a goodly amount of pleasure by keeping in touch with them over long distance.

They will enjoy frequent reports of your pleasurable adventures. By taking advantage of the reduced "evening" and "night" rates on station-to-station calls, you can minimize the cost.

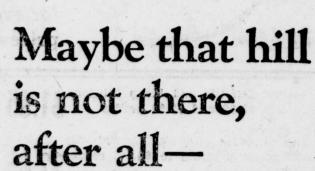

Don't overlook this feature of your vacation.

Long distance calls are inexpensive.

TERY often the hill we seem to be climbing is made out of the common mistakes of diet which starve tissues and nerves and slow down energies.

How smooth and level the path seemed to be when we were younger.

Simple, natural food may level that hill to a smooth path again.

Why not try it?

Begin today with a dish of Grape-Nuts with cream or milk -and fresh or preserved fruit added if you like.

Keep on with this crisp, delicious, strengthening food in place of heavy, ill-assorted, starchy breakfasts and lunches-and see if the old-time zest and speed on the old-time level path doesn't come back again.

Judging from the interest in the Costume Committee, and its duties, it is quite safe to say that every woman will visit the magnetic spot where these officially chosen gowns will be shown.

Mrs. George H. Newman is General Chairman of Women's Club Day, Tuesday, September 12, as well as for the entire week.

SERVICE

Suppose that your wife had an attack of acute indigestion at five minutes past six, or that the bathroom sprung a leak and threatened to spoil your newly decorated dining room ceiling, or a spark from the furnace started a blaze in the wood bin. A hurry call on the telephone at such critical moments frequently avert irreparable disas-

Yet in many European countries the telephone is available for use for only a few hours throughout the day. The regular operators, as employes in the Government service, are released from duty at six in the evening, and in many cases no provisions are made to furnish night

Thus in Sweden only 4.5 per cent of the total telephone centrals are operated continuously for the use of subscribers. Less than 40 per cent are open more than 12 hours during the day. On Sundays and holidays the availability of the service is even more restricted in certain localities, night service can be secured only by payment of extra charges per call. Rural sections having telephone centrals of less than 50 subscribers can secure night services before 7 a. m. and after 9 p. m. if they agree to defray the total costs of such service. In many cases where the local exchange is closed arrangements can be made to connect the subscriber's instrument to the nearest central office having night service provided he pays an extra charge by the day, month or year, depending on the length of time desired.
